OBJECTIVE

Motivated and detail-oriented Computer Science graduate with a solid foundation in Java programming, Oracle SQL and problem-solving. Eager to contribute technical expertise and a passion for software development and innovative business solutions in a dynamic and forward-thinking environment.

TECHNICAL SKILLS

- Programming: Java
- Web Development: HTML, CSS, JavaScript
- Databases: MySQL
- Tools & Platforms: Git, Linux, Pega Platform, Salesforce
- Other Skills: Problem-Solving, Agile Methodology

CERTIFICATION

- Java programming
- Oracle SQL
- RPA Citizen developer Foundation - UI path
- Pega Certified Senior System Architect V-8.8
- Pega Certified System Architect V-8.8
- Nptel Certification – Database Management System

EDUCATION

Bachelor's of Technology(B.Tech) - Computer Science and Engineering - 2024
Sri Manakula Vinayager Engineering College Puducherry
CGPA: 7.39

PROJECT:

1. Stress Detection in IT Employees

- Automatically captures facial images at regular intervals during user login.
- Analyzes facial expressions to detect stress using deep learning.
- Uses LSTM to identify stress patterns over time from image sequences.
- Displays stress levels through a secure, user-friendly dashboard.
- Helps organizations monitor employee well-being in real time.

🔧 Technologies Used: LSTM, Django, OpenCV, Bootstrap

2. Hotel Booking

- Developed a hotel booking system with an intuitive interface for users.
- Enabled browsing, booking, modifying, and canceling reservations seamlessly.
- Integrated real-time updates for accurate room availability and booking status.
- Included personalized hotel recommendations based on user preferences.
- Implemented secure online payments using Razorpay integration.

🔧 Technology Used: Pega Platform

SOFT SKILLS

- Time Management: Ability to prioritize tasks efficiently to meet project deadlines.
- Teamwork & Collaboration: Worked effectively in team projects, coordinating with team members to develop and deploy applications successfully.
- Adaptability & Learning Attitude: Quick learner, always eager to explore new technologies and frameworks.
